### BRITISH NEW HAMPTONS

The initial brief, to create a 'British New Hamptons' style interior, was a more traditional brief than Pascoe Interiors is usually asked for, but with Clare Pascoe's expertise and experience the style remained characteristically individual and colourful, embellished with quirky elements. The client's were right to put their trust in Pascoe Interiors' ability to deliver, as the end result is an interior that suits the house and lifestyle of the owners who have a new appreciation for classic mid century elements.

*This Chichester family home was designed by Clare Pascoe, Pascoe Interiors and completed in October 2015. Styled by Nick Lee, niche pr, photography by Richard Gooding*
